17 September 2021

We're pleased to introduce a new organisation for IR alumni that will connect current and former IR students for years to come

Our goal

We founded this organisation because when we were IR students, we struggled to understand what our options were and where we should take our careers

We want to:

- **support** current and future students in navigating their careers
- create **strong connections** in the alumni community
- **connect** students and alumni
- use alumni expertise to **enrich** the IR experience.

Our plan is to eventually deliver three pillars of activities:

1

Coaching

2

Knowledge-Sharing

3

Connecting

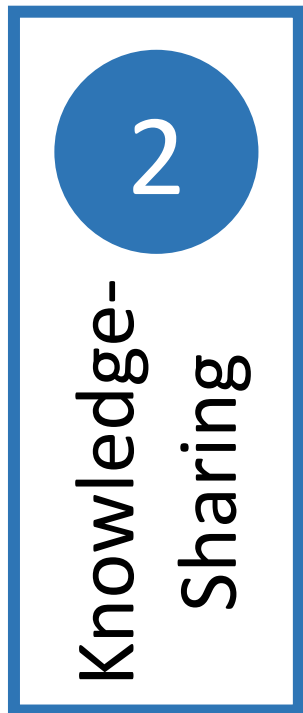

1

Coaching

We plan on starting an **alumni coaching program**

This program will:

- Pair students and alumni
- Connect students with an alumni coach who can help them learn about their career options and guide them through difficult professional choices
- Help students build relationships in the professional world

2 Knowledge- Sharing

Starting this fall, we want to invite alumni and students to meet in **events focused on knowledge-sharing**

These events will include:

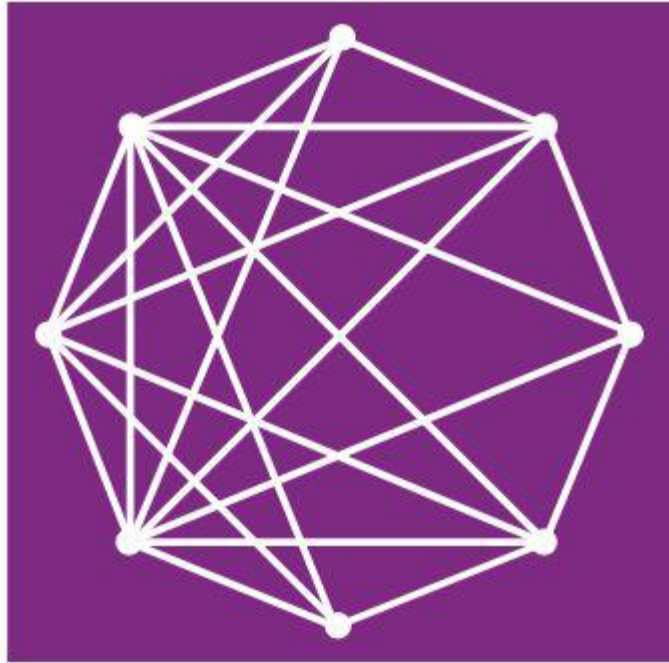

- Panels on post-graduation career paths
- Workshops on specific professional and job-search skills
- Networking activities
- Other events – we're open to your suggestions!

3

Connecting

Starting in this fall, we will work to connect alumni with each other and with the program so that **IR can be an enduring community beyond your graduation date**

We would like you to be a part of the IRPAA network throughout your post-IR journey
